The Court held a telephone status conference at which time the following items were discussed with counsel for the parties. Counsel confirmed the information set forth in their status report [254] regarding expert discovery, i.e., they expect to complete expert discovery by the Court's deadline of July 1, 2019 and are currently in the process of scheduling expert depositions in Tyson's Corner, VA to take place in late May and June, 2019. Counsel advised that the parties are amenable to participating in another mediation, with HDR requesting that it take place at the conclusion of expert discovery. Given same, the Court ordered that the parties participate in another mediation by **August 15, 2019**. As to the pending summary judgment motions, the Court ordered that any supplemental briefs shall be filed by **April 24, 2019** and informed the parties that oral argument was not necessary given the considerable overlap with the prior motions practice. Further, the Court's law clerk will email counsel with a list of courtesy copies of the parties' filings which were not received by Chambers.

The parties did not request a copy of today's transcript and it was not ordered at this time.

An appropriate ADR Order follows.
